Named as one of the Top 100 Most Scenic Restaurants by OpenTable, The Ocean House is a contemporary restaurant located on the coast of Dennis, Cape Cod. Known for impeccably crafted cuisine and cocktails, we only serve the finest ingredients, from locally sourced seafood to organically farmed ingredients. Dine overlooking Nantucket Sound, meet good friends at our famous outdoor Beach Bar, or indulge in a delicious meal with family. "Talk about real estate: The Ocean House can claim Nantucket Sound as its backyard. The dining room overlooks the water, of course; they also offer outdoor seating in a heated oceanfront tent. Many folks consider this the best restaurant on the Cape. See if you agree as you dig into the macadamia-crusted yellowfin tuna with pineapple-yuzu sauce ($34) or the more humble but wildly popular Cape Cod Potato Chip-crusted fish and chips ($25) with fennel-cabbage slaw and herbed sea salt fries. Seafood is a major player on this Pan-Asian-inspired menu, but you can still get a burger, or an Impossible version of same." -The Boston Globe
